

SRI DEVARAJ URS MEDICAL COLLEGE TAMAKA , KOLAR

DEPARTMENT OF SURGERY-2013

1. E-mail ID & Telephone extension number

- surgery@sdumc.ac.in Telephone extension Number – 309

2. **INTRODUCTION**

Department of surgery started functioning in the year 1986-87.

First batch of students in clinical surgery commenced in the year 1989.

PG courses started in the year 1996- initially with intake of 2 students, increased subsequently to 4 students and at present 6 per year.

PG students posted in various superspeciality departments in our own hospital such Urology, Plastic surgery, Paediatric surgery, Surgical oncology, vascular surgery and Neurosurgery.

Courses offered: (as per mci guidelines)

- MBBS
- MS (GENERAL SURGERY)

THEME:

Service / duty / sacrifice / professional ethics.

VISION:

- Fully equipped surgical ICU catering to major operations to be developed.
- To imbibe professional ethics in young surgeons in surgical practice and make them competent to global demands.
- Providing skills in surgical operations.
- To attain the status of surgery as a cognitive discipline and develop achievements in surgical care.
- To widen the range of services to be provided by the department of surgery involving different super specialties and major surgical interventions in the need of hour.
- Super specialties in surgery is widening day by day to the horizon and the need to bring in these as a part of surgical training.
- To start super specialty courses / fellowships / training programmes in Urology / plastic surgery / neurosurgery /vascular surgery.
- To upgrade super specialty departments and create excellent training facilities for PG students.

MISSION:

- PG`s / UG`s to be trained in acquiring observational skills in management of surgical disease.
- Interns training to take part in establishing the protocol of diagnosis and surgical management skills.
- Surgical and medical knowledge is constantly changing, hence need to update the surgical faculty thro` e-learning, gaining skills in specialties in preferred center`s by use of modern equipment`s and knowledge up-liftment by attending scientific programs.
- Deliver highest possible quality of surgical care to all by emerging surgical technology.

OBJECTIVE:

- To achieve starting of Super specialty courses in the coming year.
- To make a mark in medical society in the present scenario as an institution par excellence
- To achieve excellence in standard of outgoing medical and surgical graduates.

HOD DEPARTMENT OF SURGERY

Sl.No.	NAME OF HOD	FROM	TO
1.	DR.T.D.SRINIVASA	04-05-1988	30-09-2000
2.	DR.PAUL.C.X.CHANDY	01-10-2000	30-09-2004
3.	DR.K.MOHAN KUMAR	01-10-2004	31-10-2009
4.	DR.A.BHASKARAN.	01-11-2009	31-05-2009
5.	DR.MADAN.M	01-06-2013	TILL DATE

FACULTY

Sl. No.	Faculty members	Designation	E-mail ID
1	Dr.M.Madan	Professor & HOD	surgdoc_madan@yahoo.com
2	Dr.Mohan Kumar.K.	Professor	drmohankumark27@gmail.com
3	Dr.A.Bhaskaran	Professor	drbhaskar17@gmail.com
4	Dr.Sree Ramulu.P.N.	Professor	drsreeramulu.pn@yahoo.in

16	Dr.D.Srinivasan	Asst. Prof.	drsrinivasandorai@gmail.com

SPECIALITY CLINICS:

1. SURGICAL GASTRO-ENTEROLOGY UNIT:

- Dr.Madan.M
- Dr.Sreeramulu.P.N.
- Dr K.Nischal.
- Dr.Mahesh.M.S.

2. BREAST CLINIC:

- Dr. Ambikavathy.M.
- Dr. Shashirekha.C.A.
- Dr. Asadulla Beig.

3. DIABETIC FOOT CARE CLINIC:

- Dr. K.Nischal
- Dr. Mahesh.M.S.
- Dr. Sangamesh.

4. KOLAR OPD:

- Dr. Shashirekha.C.A.
- Substitutes:
- Dr. Ambikavathy.M.
 - Dr. Mahesh.M.S.

DEPARTMENT FACILITIES:

- Library.
- Museum.
- HOD chamber.
- Staff room /chamber
- Seminar hall
- LCD projector
- Computers.
- Central Clinical skill lab

SURGERY OPD

- Examination chambers
- Examination room for male and female pts.
- Demonstration room
- Dressing room
- Minor OT(attached to casualty)

WARDS

- Male/female surgical wards.
- Fully equipped SICU
- Bed side case demonstration room for UG/PG teaching.

OPERATION THEATRE

- Well equipped theatres.
- Facility for laproscopy with HD monitor.
- Harmonic scalpel.
- Separate OT for septic cases.
- Minor OT attached to casualty.

OUT REACH SERVICES

- Every month - camps in neighboring villages .
- Regular mega camps with free medicine and surgery.

ACADEMIC ACTIVITIES

- Departmental meet of all the faculties conducted every month to discuss the UG/PG teaching program.
- Morbidity/mortality meet held once a month.
- PG teaching committee members meet quaterly to discuss PG teaching program curriculum and update of dissertation work.
- Journal club / subject / clinical seminar conducted weekly.
- Academic activities
- Regular training of faculty members in medical education unit as per mci rules.
- Faculty training in minimal access surgery from reknowned institutes.
- Interdepartmental PG symposiums.
- Academic activities
- Regular CME and guest lectures from faculties from other medical college / universities.
- Presentation of papers and posters at state and national level conferences.

NEW ACADEMIC PROGRAMMES INITIATED:

Undergraduate: Introduction of new topics in the curriculum

- Introduction to laparoscopic surgery,
- Basics in laproscopic surgery,
- Surgical ethics.

Postgraduates: Introduction of new topics in curriculum Advanced laparoscopic surgery,

- Day care surgeries,
- Exposure to Endoscopy and staplers in surgery.

Reforms implemented:

- Counselling for low performers and repeating internal exams.
- Introduction of student feedback forms.
- Courses in which student assessment of teachers is introduced and the action taken on student feedback: Initiated and corrective measures adapted regarding teaching patterns.

Initiative towards faculty development programme:

- CME attended: Attending monthly surgical society of Bangalore by staff and postgraduates
- Workshop attended: list encl.
- Conference attended: list encl.
- Guest Lectures presented: list encl.
- Oral/poster presentations: list encl.
- CME/Workshops conducted: list encl.

Development programme for non-teaching staff:

- Orientation programmes on HMS.
- Introduction of computer training for departmental clerks.

PUBLICATIONS:

- 2010-2011 → 24.
- 2011-2012 → 36.
- 2012-2013 → 42.

RESEARCH PROJECTS:

(Completed)

1. Clinical presentation of Biliary Tract Calculi and the type of stones - Dr.Prasad Paul.
2. Clinical,Radiological and pathological evaluation of thyroid nodules – Dr.Ramesh Krishna.M
3. Clinical study of gastrointestinal perforations – Dr.Seema math.
4. Clinical study and management of incisional hernia by mesh repair – Dr.Jyothindra Singh.
5. A comparative study of open versus laparoscopic cholecystectomy - Dr.Nikhil Shetty.
6. Study of surgical management of diabetic limb complications among rural population – Dr.Naveen.T.k

RESEARCH PROJECTS:

(Completed)

1. Efficiency of Single dose antibiotic prophylaxis in hernioplasty --Dr.Pavan.B.K.
2. Comparative study of primary skin closure with adhesive skin glue and conventional suture Material in clean elective surgery -- Dr.Anantha Raju.G.S.
3. Comparatives study of post-operative Complication in ligation with excision Versus Division of the sac in indirect inguinal Hernia repair. --Dr.Gaurav Prasad
4. To Study Mandakini offloading device in the Management of diabetic foot the neuropathy Among the rural population. --Dr.Vijaya Kumar.P.Agarwal.

5. Pre and post-operative assessment of C-reactive protein in patients with acute Abdomen. --Dr.Sathiadev.J
6. Comparative study of topical application of Phenytoin versus topical collagen application in the management of ulcers -- Dr.Iram Sheik.
7. Evaluation of mannheim oeritonitis index as a prognostic indicator in patients with peritonitis -- Dr.V.Janhavi.
8. A comparative study of Hydrocolloid get and conventional dressing in the management of Diabetic foot ulcer. -- Dr.P.Avinash Reddy
9. Role of /Endoscopy in Evaluating upper gastrointestinal tract lesions in rural population. -- Dr.Sharanabasavaraj.J.
10. A comparative study of Barron's banding and Hemorrhoidectomy for treatment of second degree Hemorrhoids. -- Dr.K.Lalith Sagar
11. Helicobacter species in Cholelithesis and cholecystitis: Histopathological and serological association. -- Dr.Harish Kumar.G.
12. A comparative study in surgical management of ileal perforation by primary closure V/S primary closure with omental patch.-- Dr. Srikanth Talluri

RESEARCH PROJECTS:

(On-going)

1. Comparison of Lightweight Mesh and Conventional Prolene mesh in Lichtenstein Hernia Repair-A --Dr.Gugri Mukthinath.
2. A Comparative Study Between Delayed Absorbable suture material polydioxanone (PDS) and Nonabsorbable suture material polypropylene (Prolene) in Laparotomy wound closure. -- Dr.Kiran Shankar.H.
3. "A Comparative study of honey and tetrachlorodecaoxide solution in the management of Diabetic foot ulcer" -- Dr.Senthil Kumar.S.
4. Evaluation of triple test score in palpable breast lumps. --Dr.Pawan Katti
5. Comparative study of topical diltiazem Sphincterotomy and lateral internal Sphincterotomy in the treatment of chronic fissure-in-ano. --Dr.Anupam Choudhary
6. Scoring system for outcome predication in patients with fournier's gangrene -- Dr.Rakesh.N.

7. Incidence of DVT in patients undergoing abdominal surgery – An Indian perspective. –
Dr.Prathiba.N, Dr.K.MohanKumar,Dr.K.Nischal
