

Ongoing M D Thesis

MD/MS Dissertations / PG/Ph.D. thesis (2022-23 batch only)

Sl. No	Title of the not Published Dissertation	Name of the PG/ MD/MS	Department	Guide
1	Serum Magnesium As An Additional Prognostic Marker In Acute Kidney Injury study at Tertiary Care Center.	Dr. Lakshmisha B R	General Medicine	Dr. B N Raghavendra Prasad
2	Correlation of Serum Zinc Levels With Stages of Hepatic Encephalopathy in Chronic Alcoholic Liver Disease.	Dr. Sangam Prem Chndar Reddy	General Medicine	Dr. Raveesh A
3	Pulmonary Function Tests in Patients with Diabetic Nephropathy.	Dr. K Harshitha	General Medicine	Dr. Vidya Sagar C R
4	A Study of Renal Resistive Index in Diabetic Kidney Disease	Dr. Yellipalem Sunayana	General Medicine	Dr. Prabhakar K
5	Predictive Value of arterial blood lactate to serum albumin ratio for in-hospital mortality of patients with community.	Dr. Reddy hari Priya Vani Veenla	General Medicine	Dr. Srinivasa S V
6	A Study on QT dispersion in Patients with Acute Myocardial Infarction and its correlation with ECHO and Angiogram findings.	Dr. Vulavapalle Amulya	General Medicine	Dr. Prabhakar K
7	To Study the postprandial Hypertriglyceridemia as a preferable risk factor for ischemic heart Disease.	Dr. Palla Neha	General Medicine	Dr. B N Raghavendra Prasad
8	A Prospective cohort study of fatty liver index and triglyceride Glycemic Index as a Markers for Identifying Non Alcoholic Fatty Liver Disease in Type 2 Diabetes patients.	Dr. Madhurima	General Medicine	Dr. Raveesha A

MD/MS Dissertations / PG/Ph.D. thesis (2023-24 batch only)

Sl. No	Topic	Name of the student	Name of the Guide	Name of the Co-guide (if any)
1	A Study Of Left Ventricular Diastolic Dysfunction In Chronic Obstructive Pulmonary Disease Patients And Its Correlation With Disease Severity	Dr. M Aravind Venkat	Dr. Raveesha A	
2	Comparision Of C Peptide Levels In Type 2 Diabetes Mellitus Patients With And Without Complications	Dr. Dilip Reddy	Dr. Anitha A	
3	Impact Of Neutrophil Gelatinase Associated Lipocalin As A Biomarker In Early Diagnosis Of Sepsis Induced Acute Kidney Injury In Kolar Population	Dr. Dasari Sri Harsha	Dr. K Prabhakar	
4	Role Of Ambulatory Blood Pressure Monitoring In Chronic Kidney Disease Patients	Dr. Hulesh M	Dr. Vidyasagar C R	
5	Serum Cortisol Level As An Outcome Predictor Independent Of Curb-65 In Community Acquired Pneumonia: A Prospective Observational Study	Dr .M. Jai Raj	Dr. Raveesha A	
6	The Role Of Monocyte To High Density Lipoprotein Cholesterol Ratio In Predicting The Severity Of Acute Ischemic Stroke And Its Correlation With The National Institutes Of Health Stroke Scale: A Prospective Observational Study	Dr. C. Maansi Reddy	Dr. K Prabhakar	
7	Corelation Of Serum Albumin And Cd4 Count In Retropositive Patients	Dr. Pranavesh V	Dr. Srinivasa S.V	
8	Serum Homocysteine And Its Correlation With Carotid Intima Media Thickness In Acute Ischemic Stroke Patients	Dr. G H G Prateek Varma	Dr. Vidyasagar C R
