Department of Microbiology**

Sri Devaraj Urs Medical College

The constituent College of Sri Devaraj Urs Academy of Higher Education and
Research

(Declared U/S 3 of UGC act 1956 as Deemed to be university)
Tamaka, Kolar - 563 103

Parasitic infections, especially those transmitted by soil helminthes such as round worm, hook worm, or whip worm etc. are some of the most common and neglected tropical diseases in our country.

The disease burden is alarming in the rural population, often presenting as malnourishment, stunted growth, anemia, and poor scholastic performances.

Creating awareness in the school children, and screening for the presence of anemia, could be the first step in tackling this challenge.

On account of World Parasite Awareness Day, the Department of Microbiology has planned to organize a School Outreach program at Government Higher Primary School (GHPS) SHILLANGERE on 19th March 2025, between 10.30 am and 1 pm.

The school was established in 1909, and managed by the Department of Education, consists of Grades from 1 to 7. It is located in rural area of Harathi cluster of KOLAR district of Karnataka.

Seeking Blessings of
Late SHRI. R. L. JALAPPA
Founder Chairman, SDUET

Chief Patron

Sri. G.H. NAGARAJA
Hon'ble Chancellor, SDUAHER &
Chairman, SDUET
